**JOINT REQUIREMENTS  
OVERSIGHT COUNCIL**

JROCM 113-04  
2 July 2004

**MEMORANDUM FOR:** Acting Under Secretary of Defense for Acquisition,  
Technology and Logistics)  
Commander, United States Special Operation Command  
Vice Chief of Staff, US Army  
Vice Chief of Naval Operations  
Vice Chief of Staff, US Air Force  
Assistant Commandant of the Marine Corps

**Subject:** Insensitive Munitions Certification Policy

1. Effective immediately, all munitions systems will incorporate insensitive munitions (IM) as a required certification in their capabilities documents. This certification is similar to interoperability and threat certifications.
2. In accordance with Title 10, US Code, Chapter 14, section 2389 and DODD 5000.1, all munitions systems must be IM compliant. Therefore, the requirement for certification is "fully IM compliant." All certifications will be coordinated with the Deputy Director for Force Protection; Directorate for Force Structure, Resources, and Assessment; Joint Staff. For those systems that cannot meet required IM standards, the sponsor will ensure that a Joint Requirements Oversight Council-approved IM waiver accompanies capability documents submitted for approval.
3. This change will be incorporated in the next version of CJCSI 3170.01, Joint Capabilities Integration and Development System.
